	Coaching Philosophy				

My objective as a coach is to help my players succeed, enjoy soccer and want to keep playing throughout their lives. I will provide a competitive training environment that will focus on building individual skills and improving team tactical play. We will work hard and be disciplined in practice but always have fun and not be too serious. Sportsmanship and safety are always a priority.

I plan to train two times per week during fall and spring and for 3-4 weeks leading up to the fall and spring seasons. I will hold some extended practice sessions during off season times but not on a regular basis. We will play one indoor soccer session during the winter with a lighter training schedule.

As a coach, I am committed to:

- Plan, prepare and run effective practice sessions
- Build individual skills with long-term perspective
- Assess skills and set goals with each player individually
- Work 1-1 to train and teach individual skills and strengthen weaknesses
- Respect my players, parents, referees and opposing coaches, players and parents
- Teach good sportsmanship
- Continue to improve my coaching knowledge.
