Coaching Philosophy:

It is with great enthusiasm, hope and promise that I have decided to dedicate myself to coach for Utah Surf Davis Soccer Club. After more than 10 years in various soccer leadership positions, both as player and a coach, I promise to bring a passion for creating a dynamic team environment where group solutions are developed and a passion for innovation and learning occur through team collaboration. I believe that the team comes first.

Secondly, I absolutely enjoy seeing the players that I coach commit to both short and long-term success by engaging in on and off the field activities. I feel that it is important that players learn life lessons that can be taken and used for years to come through the game of soccer.

I look forward for the opportunity to teach and coach your daughter through the sport that has given me more learning opportunities and various other experiences than any other thing in my life. Please feel free to contact me at any time. My cell phone number is 801-557-4867
