| | Coaching Philosophy | | | |
| <p>I am a versatile coach with experience in many different age groups and levels. I have coached in the lowest of levels all the way to 1st division. I appreciate and enjoy soccer at all levels. I love to play myself and have played semi professional soccer in Mexico.</p> <p>My assistant is Chad Morris and together we create an atmosphere of fun, discipline, hard work and playing together. We focus on the fundamentals: passing, controlling and working as a team.</p> <p>All positions are important in soccer. We enjoy developing players potential. We expect commitment, respect and attendance at practices and games. We practice 2 times per week during the regular fall and spring seasons.</p> <p>We work hard but never forget that soccer is a great sport and we have fun while playing. We are not afraid to tell a player what he is doing wrong and how he can improve and show him the right way.</p> <p>Being a part of this team is important and we expect commitment and at the same time understand that soccer isn't the first priority sometimes.</p> | | | | |
