Coaching Philosophy				
----------------------------	--	--	--	--

<p>My coaching philosophy is to coach soccer and leave a good impression of soccer (and fitness) on the athletes I am able to coach. I focus on team and individual development. I will tell you that I do not want soccer to take over the lives of my athletes or their families. I am not concerned with winning, in my view of the world, winning comes as a by-product of proper development and team cohesion. This perspective has proven to be successful with the teams I have coached.</p>
